Minong Flowage and Cranberry Lake Residents

RE: Minong Flowage Dam Construction update

Dear residents

Scheduled repairs to the spillways of the Minong Flowage Dam will not be completed by Labor Day weekend. An expedited completion will not occur, as work remains on the original schedule. Crews will not work on the dam from Friday evening August 30th through Tuesday morning September 3rd. Water levels are currently drawn down 1' from normal pool elevations. Over Labor Day Weekend, water levels will be raised 2-3 inches with water being drawn back down starting Monday evening September 2nd. All work should be completed by Friday September 6th with normal pool elevations being re-established by Monday September 9th.

Sincerely,

Brian Danielsen, P.E. / Commissioner
